

PTT SWITCH CABLE

VS-4LA VS-4MC VS-4SC VS-5MC

Thank you for choosing this Icom product. **READ ALL INSTRUCTIONS** carefully and completely before using this product.

FEATURES

- Outstanding protection against dust and water and is equivalent to IP54 (Except for the headset connector). The cable has splash resistance and dust-tight construction that prevents the ingress of dust.
- Easily enable the PTT switches by touch.
- Transmit status indicator for the PTT hold switch.
- VOX function (For only VS-5MC).

PRECAUTIONS

⚠ WARNING! NEVER place any heavy object on the cable, or pinch it.

DO NOT drop the cable on a hard surface. If the switch case is deformed, strained, or cracked, the protection against dust and water may not be maintained.

DO NOT expose the cable to direct sunlight. It may deform or discolor the cable.

DO NOT use the clip on clothing that might get damaged. Be sure to turn OFF the transceiver's power before attaching or detaching the headset. Otherwise, a malfunction may occur, or it may damage the transceiver, headset, or cable.

Use with only the specified Icom transceiver or headset. Otherwise it may damage the transceiver, headset, or cable. Keep the cable out of the reach of children.

DISPOSAL

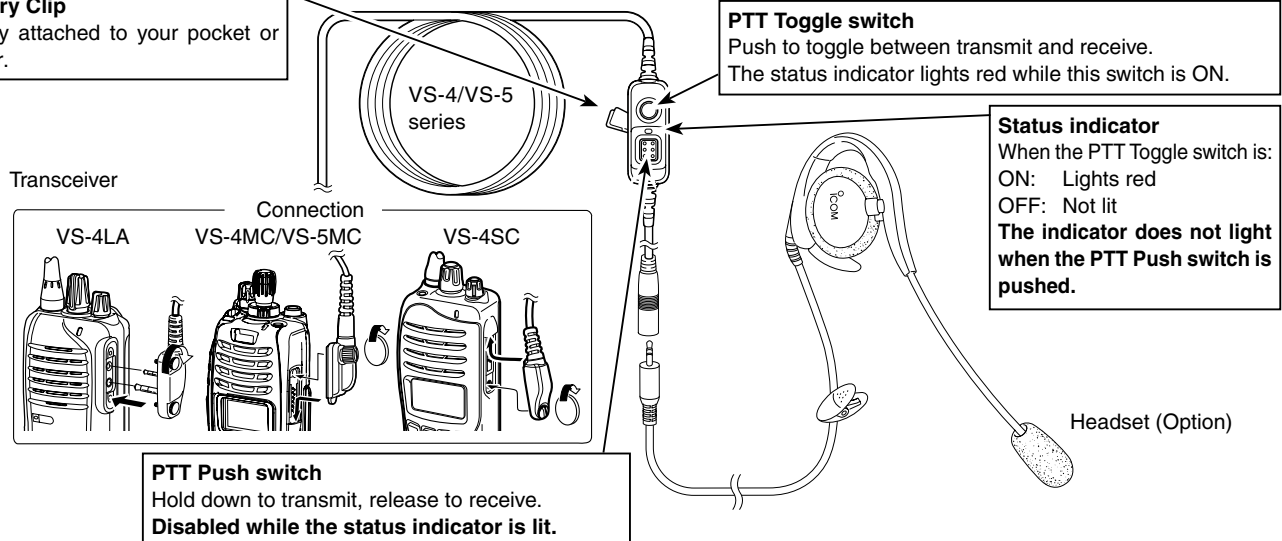

The crossed-out wheeled-bin symbol on your product, literature, or packaging reminds you that in the European Union, all electrical and electronic products, batteries, and accumulators (rechargeable batteries) must be taken to designated collection locations at the end of their working life. Do not dispose of these products as unsorted municipal waste. Dispose of them according to the laws in your area.

USING THE CABLE

The optional HS-94, HS-95, or HS-97 is required.

Rotary Clip

Easily attached to your pocket or collar.

NOTE: Adjust the microphone gain if other stations have difficulty hearing your voice. Refer to the instruction manual of your transceiver for details, or contact your Icom distributor or your dealer for advice.
