Purge Coverage Areas with Navionics+ or Navionics+ Updates

Article Number 000001215

Details

To purge your Navionics+ or Navionics+ Updates card of coverage and start downloading new or smaller coverage areas, follow the steps below.

- **Insert** your Navionics card into your computer
- Open the **Chart Installer Program**

- In the **Download** section on the left side, click the **blue trash can icon**
- You will be asked if you want to **erase** all of the data

  (Note: This will remove all of the Navionics chart files from your card. Any photos, sonar logs, etc. will remain on the card).

- Select **ERASE**
- Once the erase has completed, click **CLOSE** and begin downloading new areas

For information on how to download coverage see: [Downloading charts to your Navionics+ card](#)

Keywords chart installer, erase, nav+, clean, wipe out, empty
